IN MEMORIAM OLICE WINTER

The Grim Reaper has taken our leader. Mr. Winter's passing has left us in deep sorrow. We appreciate having had the privilege of knowing so fine a man and of benefiting from his kindly philosophy of life. Olice Winter had implicit faith in youth and he devotedly served youth for many years because he felt impelled to do his part to offer every young person a chance to grow and to succeed. His insight into the peculiar problems of youth helped him solve many difficulties, for Mr. Winter understand human nature. Thousands of young people have been influenced by his kind guidance and inspired by his strong, magnetic personality. It is well known that his counsel and leadership were sought by many youth organizations throughout Chicago.

Mr. Winter's concept of democratic education was ever growing, vital, and progressively modern. He lived the philosophy that democratic privileges imply responsibility. To this ideal he devoted his life with unselfish zeal. Mr. Winter had long been noted for his brotherly attitude toward all men. His honesty, integrity, and broad outlook on life was always an inspiration to his associates. A true educator, Olice Winter gave generously of himself and in so doing he left our world a better, richer place.

In saying farewell to Olice Winter we mourn him best by becoming the men and women that he wanted us to be. Lake View is planning a permanent memorial to commemorate their departed friend. Olice Winter loved his world with the faith of a true idealist and his world in turn, loved and respected him as it is the privilege of few men to be revered. Olice Winter lives in the sanctuary of our hearts and minds. He is with the Immortals.

A Parting Guest

What delightful his is are they
Life and Love!
Lingeringly I turn away.
This hour, yet glad enough
They have not withheld from me

Their high hospitality
So, with face lit with delight
And all gratitude, I stay
Yet to press their hands and say.
Thanks. So fine a time! Good night
James Whitcomb Riley

Dr. Hunt Stresses Democracy in Schools

Last September Dr. Herold C Hunt, a nationally recognized educational leader become superintendent of the Chicago Public Schools. Dr. Hunt possesses wide and varied experience as a teacher and administrator. A native of Northville, Michigan, he obtained his education in the public schools and University of Michigan. In 1940 he received the degree of Doctor of Education at Teachers' College Columbia University. He has been superintendent of schools in Kalamazoo, Michigan, New Rochelle, New York, and Kansos City, Missouri, a position he held prior to his Chicago appointment. Dr. Hunt is an active member of many educational organizations and is now President of the American Association of School Administrators. He is affiliated with civic and patriotic organizations which prove his interest in the community. His capability, genial personality, and sterling worth have created a favorable impression on all who have met our new superintendent. Lake View welcomes Dr. Hunt to Chicago.

We Honor

We give honor and tribute to the high ideals and personal achievement of our retiring faculty members, all of whom have made a lasting mark on our lives. and to all those who hold cherished memories of happy times spent in their classes. We the Red and White Staff, give homage in this 1948 issue of the Annual.

MR. ARCHIBALD ALLISON

The many students and co-workers who have enjoyed knowing Archibald Allison during his thirty-three years of teaching mathematics at Lake View will regard any written tribute to this beloved teacher as inadequate and incomplete. Mr. Allison has enjoyed the highest regard and respect of all who have been associated with him. The "I tile man with the cane and hig brief case" is distinguished by his understanding and tolerance. We regard Mr. Allison as a master craftsman in the field of education for he has earned the right to be called a teacher in the true sense of the word.

After graduating from Bucknell University, Mr. Allison laught mathematics in his home state—Pennsylvania. This was followed by two years of teaching in lowa. His first work in Illinois was at Highland Park High School. It was there that he met his future wife who was then teaching Latin and English. The Allisons have one son and two grandchildren. Among Mr. Allison's distinguished pupils is General Mark Clark.

We of the Red and White Staff join all students and faculty members of Lake View in saying good-bye to this beloved teacher who so well deserves our affection and best wishes.

MR. JOHN E. COE

Mr. John E. Coe has taught botony and soology at Lake View since 1928. One of the many reasons why he is such an excellent teacher is that the field of natural science is his hobby as well as his profession. Much of Mr. Coe's leisure time is spent afield and in the Forest Preserves. He has collected specimens in all parts of this country and Mexico. Mr. Coe has written articles for scientific magazines which are illustrated with his own photographs. Those fortunate pupils who have studied with Mr. Coe have been inspired by his knowledge and his enthus asm for natural sciences.

FRIEDA A. TENGLER

The Red and White Staff join all Lake View in saying good-bye to Miss Tengler who has taught in the Chicago schools since 1916. Miss Tengler, who retired from teaching in June 1947, is a graduate of Lake View. She is beloved for her kind and understanding attitude.

Letters tell us of her delight in travel, reading, piano practice, cooking, and sewing. She anticipates acquiring a small home with an acre or two of ground in some scenic location in a mild climate. We hope this plan will be fully consummated, and that she will enjoy a happy time.

MRS. WINNIFRED V. SKINNER

Mrs. Winnifred V. Skinner, one of our popular commercial teachers, has been our school treasurer for several years. She handles all collections and disbursements for the entire school. Along with her varied educational duties she has also been a homemaker. Mr Skinner, who is a retired physics teacher of Senn High School, shares his wife's interest in extensive travel, color photography, and farming The Skinners have taken many rare photographic color films in Europe and America. They plan to spend most of the year on their lower farm, which is beautifully located on high ground overlooking the Mississippi River. Florida will be their location during the winter. Although it is very hard for us to say good-bye to this well-liked teacher, we know that her plans offer every inducement for happiness in the future.

MISS GENEVIEVE SOUTHER

Miss Souther is one of the capable Lake View faculty of which we are so justly proud. Although she has long been an inspiring teacher of the Classics, in the study of which she attained distinction, Miss Souther has also offered us an example of public spirited service and leadership at Lake View. She has given ready and enthusiastic support to all those activities which are just true, and good

Miss Souther was born in Wisconsin near the beautiful Dells, and she taught there for awhile before coming to Chicago. She spends her summers amid the natural wonders of lakes, waterfalls, woods, birds, and wild flowers which she loves. Although she is an enthusiastic contract bridge player and enjoys playing this game with her many Iriends, her chief source of jay is in the great out-of-doors. We regret to say farewell this June, 1948 to Miss Souther

MR. RUDOLPH C. MUELLER

Mr. Rudolph C. Mueller, our well-liked teacher of Industrial Arts, is retiring in June. He is a native Chicagoan; was graduated from Yankton College, South Dakota, and the Chicago Theological Seminary.

Mr. Mueller was assigned to teach in Chicago Schools in 1930 and has been on the staff at Lake View for the past five years. Previous to 1930 he held various positions of school administration in North Dakota, and at Harvey, Illinois and Forest Park, Illinois. As he is a talented wood craftsman, his habby is fine cabinet designing and workmanship. Mr. Mueller is looking forward to happy days when he retires to live in Arizona. He holds our highest regard, and our best wishes will always follow him.

MISS LOUISE KEEFE

Miss Louise Keefe left Lake View in February 1948 of er a long and fine record in the teaching of History and Civica. Miss Keefe, who is a thorough student of political science, always enlivened her teaching with interesting information gained during her extensive travel. She encouraged the discussion of contemporary world affairs in her classes. As Miss Keefe is blessed with a fine sense of humor her many pupils have enjoyed her vital leadership. We, of the Red and White Staff, extend our best wishes and hope that Miss Keefe will long enjoy life in sunny California where she has decided to make her permanent home

In Memoriam

Mary Margaret Brown

Lake View mourns the death of Mrs. Mary Margaret Brown on April 11, 1948. Mrs. Brown served as our Registrar for several years. She won a place in the hearts of all who worked with her and she was well liked by the students whom she served. Mrs. Brown will be greatly missed by all at Lake View High School.

In Memoriam

Margaret F. Martin

Any written tribute to the late Margaret F. Martin, our beloved teacher of Home Economics at the Greeley Branch for many years, is inadequate. The real tribute to her memory lies within the hearts of her friends, students and co-workers. Because of her kindliness, wit, sympathy, and understanding, she was a friend to all and the memory of her pleasant ways is fondly cherished.

Congratulations!

STORY OF THE LAST DAY OF A SENIOR

He felt a little sad, . . . wondering—yet glad. All of a sudden he had become a Senior. It's his last day, "Good-by," Lake View, good-by." He stared out of the window. Traffic was going by the school. "It sure will seem funny," he mused, "being entirely out in the world." The sounds of many footsteps hurrying, awoke him from his revene for the last classes were spilling into the corridors. He wanted to forget it was his Last Day. He felt he would never be a lad again.

We must focus a double mi croscope of philosophy on the world's future and let democratic principles integrate humanity. Decisions of today will set a pattern for the luture and our only hope of survival lies in the working out of democratic ideals which shall entighten and harmonize the world

February commencement speakers talked on the theme "World Unity." Our salutatorian, Helen Schlesinger, discussed "Unity Through Education." She envisioned the values which education offers in this era. Our valedictorian, Helen Hunsinger spoke on "Unity Through Religion." She emphasized a realization of better living through the values of religion, faith and devotion to higher realities. Stanton Weiner, class choice for speaker, developed the topic "Unity Through Science," by emphasizing peace time uses of atomic energy. Sylvan Lipschultz, faculty choice for speaker talked on "Unity Through International Relations."

THE CLASSES DEMOCRACY LOOKS FORWARD

Democracy means tolerance. Democracy means opportunity. Democracy is not easy for individuals, groups, or a nation. It requires training and plenty of practice. We must be willing to accept our share of responsibility and make sure that freedom is appreciated by everyone. We give thanks for the enlargement of experience which is attained in our high school classes.

You know most every one.

The teachers are so friendly

Your home work's almost fun.

CONCERT ORCHESTRA

Curtain rises—Lights dim—Our beloved maestro raises his baton. The audience is at attention. Our Mr. Letchinger, Lake View's "smiling" conductor, waves his magic wand to produce a fairyland of music. The repertoire of the concert orchestra includes both the old and new composers—Bach, Beethoven, DeBussy, and Stravinsky. Orchestra contests, festivals, assemblies, and concerts provide many opportunities for Lake View's orchestra to render memorable programs.

MR IRVING LETCHINGER

Concert Band

Lake Viewites wish that the song. The Band Played On' could be realized by our Concert Band for we just can't hear enough of that wonderful music. We love the spirited marches and those lively touch down tunes which make every school event so thrilling. The Band has rated high for both solo unit ensemble numbers and has produced such outstanding players as Jack Scarda trumpeter. Marshal, Gordan, clarinetist, and others. The 1947-48 season will add to past laurels. The regious efforts of our well liked conductor have brought grand results for our beloved. Cap has trained one of the best bands in Chicago. Yes, Captain Louis D. Wilz cannot be praised enough for he has helped to make us real musicians. Our Concert Band, which consists of ninety members, creates joy for us all in oid Lake View.

Our Springtime Favorites

A CAPPELLA CHOIR

The A Cappella Choir is an active and flourishing organization in which membership is determined by the try out system. This choice choir presents varied programs containing Latin Motetes, Bach Chorales, Russian Folk Songs, Negro Spirituals as well as modern compositions. It has participated in radio broadcasts, assemblies, and concerts. Just before the Christmas Holidays our choir set the corndors on every floor of Lake View ringing with hiting Christ mas Carols. The highlights of the year are the festivals. Under the capable leadership of Miss Naomi Sweet, the choir furnishes our music loving school and community with memorable musical treats. Miss Sweet has developed a choir which fills a unique and valuable place and has established a tradition at Lake View.

Song Birds - Our Girls Can Sing!

The Girls' Glee Club interprets for us the wonderful benefits received from participation in music. This music-making organization which was founded by its inspiring leader. Miss Dorothy Hutchins, sings with color richness, and zest. Music offers an ideal form of self-expression for it is an emotional out let and an enjoyable use of leasure. When our gails raise their voices in "Sweet Kentucky Babe," we all rejoice with them.

The Annual Concert in May brought to a successful climax a grand year of singing. Quartets and trios organized for the sheer enjoyment of "Singing Something" making music together, in numerous ensembles remain memory entrenched with us all.

APPLAUSE AWAITS YOUR ARRIVAL

Everyone on the Lake review staff enjoys scurrying for news—all the clamor and bustle—and that final thrill of achievement when "putting the paper to bed" (going to press). This experience gives us training for newspaper work. Under the high-spirited direction of Mr. Louis Skot nick, the editors, reporters, distributors, and business staffs rive to make our every edition full of stories, gossip, and all the news connected with school life. The paper sponsored a worthwhite assembly featuring a symposium of newspaper columnists who discussed youth problems. Joan Evers of the Herald American, Shield John Daly from the Tribune, James Supple of the Sun, and Harve Fischmann of the Times held our interest from the first to the final minute. They had what it takes to hold a crowd of Lake Viewites.

The Red and White Terminates a Successful Year

Mrs. Kathar he Burchwood who has specifical the Red and White for two years has long bred a teacher of Art and English at Lake View. The 1948 Year Book Staff members have been praised by Mrs. Burchwood for their faithful work. The Staff, in turn, claims that she inspires each to do his best. We thank Mrs. Burchwood for her help and guidance as our Sponsor. Her kindness reached but to all of us. Charming and gine cus she has kept herself alive. We know that it hasn't been an accident. She cares—and she has taken care

The Annual Staff appreciates that the financial success of the 1918 Year Book was largely due to the fine efforts of Miss Grace A. King our advertising sponsor. Her synamic personally and unique capacity in a vertising and setting the book as well as her leadership in securing paid advertisements has been the principal states of financing the Red and White.

Miss King tought Salesmanship at Harrison High School for sixteen years. Mr Winter had known her out standing work there and he asked her to come to Lake View in 1944. We thank Miss King for her subject of this vital part of our Annual.

Our literary staff members are selected for their ability and interest in writing. We learn how to make up the "Dummy" of the Year Book and we know how to check and double check. We feel that there is something about Lake V.ew which makes her different from any other high school. This "something," lying deep inside her, is what the Red and White Staff has tried to capture and record in your annual. We have a mea to give the book a friendly informality and we hope our readers enjoy it. May these pages recall cherished memories of your school days! Our staff has worked under ideal conditions, for our sponsor, Mrs. Burchwood, has inspired us to do our best.

Democracy Requires That You Learn to Accept Responsibility

Students can take advantage of many opportunities at Lake View for office practice.

Mr Edward J Bowen shows you how to inject vitamins into your methods. He can add a shot of parliamentary procedure to fix things. Mrs. Skinner, our school treasurer, helps her staff master the intricacies of high finance.

Mother Can Show Us a Thing or Two Mother Has Her Moments Too

Our Lake View P.T.A., which boasts a membership of 1620, is one of the largest in Illinois. It is not only strong in members but it accomplishes fine work for our school. Mrs Martin Schwegel, '47-'48 President, and her loyal helpers have given us enthusiastic support and help. The objective of the P.T.A is to bring a closer relation between the home and the school so that parents and teachers may better co-operate in the training of boys and girls. Much material assistance has been rendered the school and the P.T.A. is to be complimented for it. At the Open House on Nov. 14, President Clark Kueble: of Ripon College, a graduate of Lake View, Class of '25, gave an inspiring address. Many pleasant social meetings are enjoyed, and every get-together offers an opportunity for friendly contacts. A cup of coffee or tea with cake and sandwiches suffices to "break the ice." We extend our thanks and gratitude to our wonderful P.T.A.

HI-Y

The Hi-Y boys realize the worthy purpose of membership in this great organization: its ideals are the highest standards of conduct and character. It is the earnest hope of the officers that the club will expand and include many more students so that they may profit by the moral and Christian training of the Hi-Y program. Friendships we make in our school offer an opportunity to test our loyalty, consideration, and appreciation for others. We learn to be "True Blue" and to always lend a helping hand to our friends.

Democracy, like sportsmanship, means differences of opinion. It means taking sides and playing to win instead of merely following the leader. It means friendly discussion and argument instead of just accepting what somebody else says. We must be willing to take the trouble to govern ourselves.

Varsity and Frosh-Soph Teams

FRESHMEN - SOPHOMORE FOOTBALL By BILL HEATH

The purpose of the Frosh-Soph football team is to build variety team material for the next season. Experience which a player thus obtains is invaluable and a great asset in playing Variety football. A member of this group learns to the absolutely necessary to play good football

Although this year's team lost three games against a single victory, the margin of victory was never more than twelve points, which proves that the boys were builting all the way. Seven teen members of this year's squad received awards for their fine play. These players will be counted on beavily by the Varsity next season. Veteran Varsity players know that boys who come up from the Frosh-Soph team are hustlers and have the will to win, which means that they have to hold their positions. Under the excellent coaching of Mr. Leo Conahan, the boys learn the essentials of football.

Boys awarded shields this year are: Paulson, Alinkas, Eklot Fagus, Hallberg, Katsivas, Martin, Nuccio, Parsons, Peterson Rettke, Singer, Smith, Swanson, Welch, and Garbo

It is expected that the boys who are on this '48 squad will continue next season.

Our Basketball Team Shoots and Sinks 'em

After a lull of two seasons, Coach Guy L. Dickerson, who is starting his 29th season as coach of Lake View cagers, has brought his team back into the thick of action in the North Section race. The Juniors, in spite of the loss of their captain and high scorer, Jack Norum, are continuing their winning ways. After losing two consecutive heartbreakers to Lone and Roosevelt, they are back on the right side of the ledger and at this writing are in third place. Joe Martarano Bob O'Connor and Don Estacion, are the outstanding scorers of the Juniors. They are capably supported by Larry Ascher, Larry Holmes, Jerry Anzolone, and Jerry Weiner.

Although starting off on the wrong foot, the Seniors after losing three out of their first four contests, reversed the procedure and went on to win the next three out of four games by overwhelming scores. George Guilfoyle, 6° 3° center leads the point parade with a 17 average. He is followed by Paul Eubanks and Gil Rosenberg who have 14 and 10 point averages respectively. Capt Norm Goodman and Clarence Toepke perform at the guards, doing their bit in the scoring column and playing fine defensive ball. I m Hay, Bob Thomson and Jim Bergusen were able replacements.

"She's Joo Fat for Me"

Well, why don't you take her to the Lake View Bowling Alley? Plenty of exercise will bring that waist line down, reduce that tummy and give her a new streamlined figure. (It does the same thing for men, too.) Notice the figures in the picture, neat and trim as can be. There's Hoffman, Dolores O'berg, Mel Bartholemew, Marge Mason, and Olga Alinkas and Ted Dolibois. Loads of fun at all times. A good way to spend a day.

NAMES IN YOUR DAILY LIFE!

In most every phase of daily living there is a need
for one or more of the products bearing the famous
names that are shown above. Collectively, they contribute to the comfort, ease, and enjoyment of your
living; individually, they are products well founded
on years of experience in quality manufacture.

In your car, on the road, or in the confines of your home there are many Stewart-Warner products at your service, and in your community well known dealers feature these products under their own names.

We are proud of our place in your community.

Nothing Is Built From the Top Down

Building plans may differ in many details . :

whether it's a house or some other product
this they have in common . . . all are built
from the bottom up.

Why, then, try to build a career without foundation? Why tempt fate by accepting such cheap theories as "It's not WHAT you know, but WHO you know"?

Education and energy, welded together with sincerity of purpose, may sound old-fash-toned, but it still gets results.

You want to be modern, to be an individualist, you say. More power to you! Seize those new things that are good . . Build, Build, Build onto those things which are time-proved . . and we'll look for you
